DETAILED ACTION

Claims 1, 2 and 5-9 are under consideration in this application.

Claim 3 is held withdrawn from consideration as being drawn to nonelected subject matter 37 CFR 1.142(b).

Election/Restrictions

Applicant's election with traverse of Group II in the reply filed on January 23, 2006 is acknowledged. The traversal is on the ground(s) that all the claims in the application had been searched in the international phase. This is not found persuasive because for the reasons clearly set forth in the previous Office action. The international bureau may have chosen not to make a lack of unity requirement. Further, applicants have failed to advance any cogent reasons as to why the inventions have unity of invention.

The requirement is still deemed sound and proper and is therefore maintained.

Allowable Subject Matter

Claim 1 is objected to as containing nonelected subject matter. The objection may be overcome by limiting the claim to the subject matter indicated as being examinable, supra. A claim so limited would appear allowable.

Claims 2 and 5-9 presented in independent form or made dependent on an allowable claim, would appear allowable, otherwise it is objected to as being dependent on a non allowed claim.
